

**Subject: Installation confirmation for KIT-C4000-LED**

The connections for your new LED backlight kit are provided below. This kit is compatible with the Tranax C4000 model only. The LED driver and cabling is provided with your new LED Rail. This provides power for your LED backlight within the LCD. You no longer need your old original inverter. Connect directly as shown below.

Davan Display Solutions – 9401 S. Innovation Dr. Ste 465, Daleville, IN 47334 – 800-764-1329 –
